

Dave Wilson

I was born in the West Riding of Yorkshire but have lived in Lincoln for the last 29 years. I joined the RAF when I was 18 years old and served around the world as an aircraft engineer for 22 years. My final posting was at RAF Waddington which is how I came to live in Lincoln as Waddington is just on the outskirts.

When I left I wanted to do something completely different so I became a guitar teacher in schools and privately, which I did for the next 23 years, having played since I was a youngster. I also performed in various bands during this time. I am married with two children and three grandchildren.

My interests are golf, angling, music composition, and I am a guide at Lincoln Cathedral. Up until 2018 I was a keen pilot, (both Chris and Ginny have been thrown around the sky by me), having gained my pilot's license some years ago while in the RAF. Sadly due to health problems I had to give it up as the annual medical for pilots is quite rightly, very strict.

My son lives in Brisbane in Australia so I like to go over there every year for a month or so. I've become almost a default Aussie I've been that many times! It really is a beautiful country.

I have always had an interest in spiritual matters and after a friend who is psychic told me I had a healing gift and I should do something about it I began my healing journey in 2005 at Lincoln Healing Centre. After two years training I sat my final board in 2007 and became a full healer. I joined the committee of HEA in 2018.
