

I was born in Exeter but raised in Plymouth. I left Plymouth in 1988 to pursue a career in the Royal Air Force. My RAF career spanned over 20 years taking me to some wonderful places in the UK and abroad. I enjoyed a short spell working for the NHS however a calling from old colleagues took me back to the RAF where i work as a civilian and still do currently.

I am married with three girls and five grandchildren. I like to spend most of my free time with them as they are a massive part of my life.

My main interest is camping, my wife and i own a motorhome and enjoy touring our beautiful countryside. I love having a connection with nature and wildlife and camping allows me to do this.

My eldest daughter got me interested in spiritualism and from there i was introduced to healing. My wife has always said i had magic hands and this i believe was the start of my healing journey many years ago although i didn't know it then. I was introduced to Ginny three years ago by a friend and that was when my training started and i learnt what the healing process was all about. I sat my final board in May 2022 and have now become a full healer.
